

Simply Safe Connect™

Clear. Connected. Considered.

A privacy-first support system designed specifically for early childhood education and care. One connected platform for safety, compliance, documentation, organisation and educator workload — so services save time, improve safety and give educators more meaningful moments with children.

What Connect™ supports

- National Quality Standard (NQS) alignment
- EYLF V2.0 learning outcomes & documentation
- Service policies, procedures & compliance
- Safer excursion & transition supervision
- Real-time digital headcounts & safety support
- Role-based access — educators, room leaders, directors, admin, safety officers
- AI-supported programming & documentation
- Approved learning resources linked in-system
- Reduced paperwork duplication
- Simpler organisation of records & daily operations

Privacy & safety principles

- No unnecessary surveillance
- No unnecessary photos or recordings
- Privacy-focused systems & controlled access
- Eco-conscious, child-safe support products linked in
- AI drafts — humans approve every published item
- Audit-ready, regulator-friendly exports

Who it's for

- Single early-learning services ready for one calm system
- Directors carrying compliance load alone
- Educators losing hours to disconnected apps & paper
- Families who want trust without surveillance

About the Letter of Intent (LOI)

The attached LOI is **non-binding**. It signals interest in a confidential pilot conversation — no fees, no commitment, no obligation to adopt. Signing simply opens the door to:

- A walk-through of Simply Safe Connect™ tailored to your service
- Confidential workflow feedback from your team
- Early access consideration when the pilot opens
- Input that shapes the product before it ships

Time Hours returned to the floor.	Presence Eyes-up care, not screens.	Trust Privacy by scope, not by chance.
---	---	--

Connect™ is not designed to replace educators or existing care practices. It exists to support services with smarter, safer, more connected tools — aligned with the real needs of early childhood environments.
